 The wave break with a cross off shore at the Runkerry end of the main beach in PBT 
 is magic. Access is down a small lane (looks like the entrance to a private yard of an 
 old cottage) just before the main entrance to Runkerry House. Other beaches, in 
 order, White Rocks Portrush West and East, and Portstewart are pretty good when 
 the wind direction suits, but pale into insignificance when there is a 8 foot face and 
 force 5-6 WSW 'erly.

 Everywhere, check out the map. 
 From little strolls along the riverbank on your way down to have coffee at the 
 square OR 10 mile hikes along the shore and cliff from PBT past the Giants
